

DuPont, R. L., Han, B., Shea, C. L., & Madras, B. K. (2018). [Drug use among youth: national survey data support a common liability of all drug use](#). *Preventive Medicine*, 113, 68-73.

In the graph above, the left-hand side shows substance use among youth aged 12-17 who **DID NOT** use cigarettes in the past month:

- 9.5% used alcohol
- 4.4% reported binge drinking
- 0.6% reported heavy drinking
- 5.3% used marijuana
- 2.7% used other illicit drugs

In the graph above, the right-hand side shows substance use among youth aged 12-17 who **DID** use cigarettes in the past month:

- 39.7% used alcohol
- 26.7% reported binge drinking
- 5.8% reported heavy drinking
- 36.8% used marijuana
- 20.7% used other illicit drugs
